Mary, its really been fun
this year. Study Hall & English
I haven't really got to know
you too well, but I like ya!
Have fun this summer, good luck in
anything & everything you do.

Gary,
My pen won't work on the yellow part,
so here I am! I just met you this year,
and you're really cool, tuff and have one
of the best sense of humor, and we can't
forget your personality. I wish we would
get in a room together next year! You've
been a great help with algebra, but it
didn't matter, we flunked anyway!!
Good luck, hope to see you this summer.

Dear Gary -

To one of my best friends. You and I have had our ups and downs, but on the whole - we've had a pretty good record. Thanks for being so understanding and all that rot. I hope we stay good friends for a super-long time. Have a good summer and be as good as you can be - which isn't too good - (just kidding!) See ya next year, or this summer.

The Little Things

Belonging

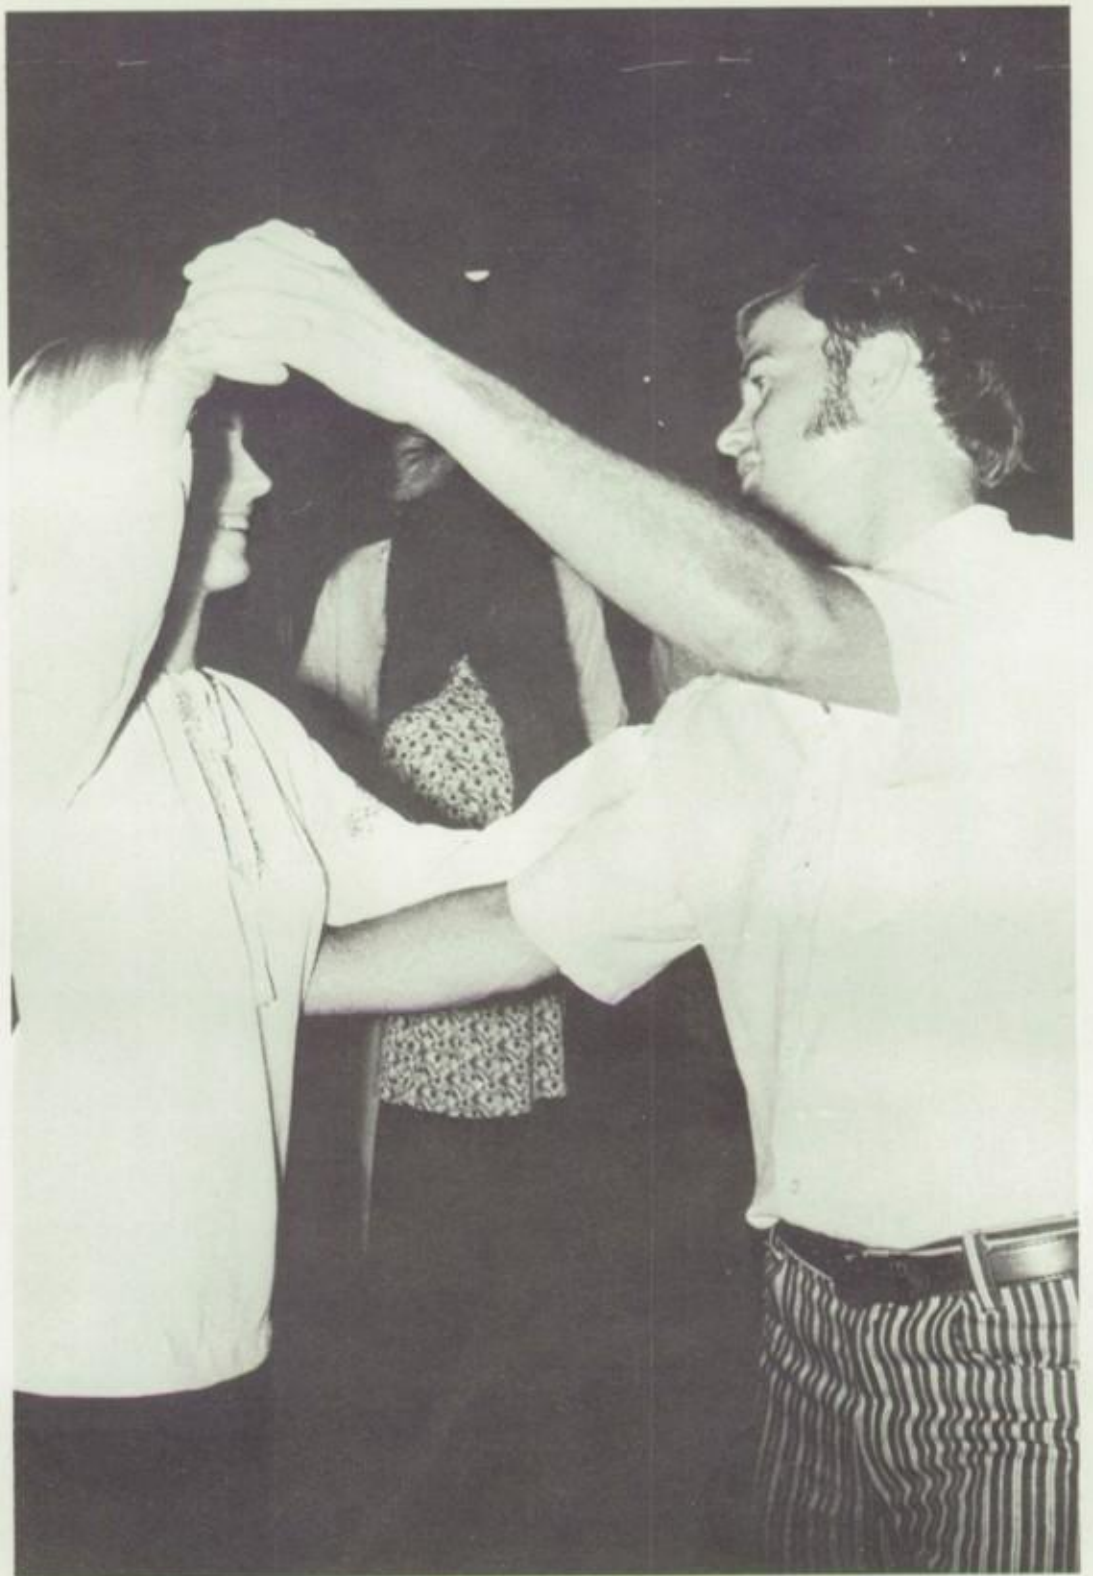

Caring

That Touch Us All

Has anybody ever seen these things before?

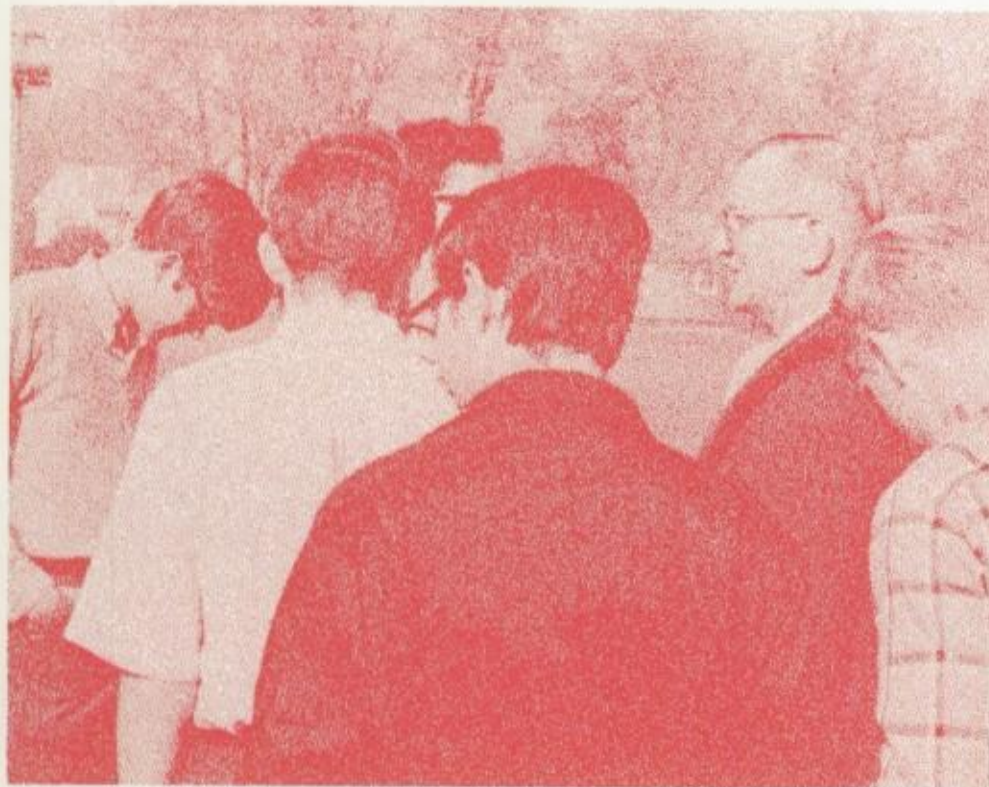

As we go through life, often times we fail to see the "little things" that we meet with each day. We live in a materialistic society, but when we experience the joy of living for a brief moment, it leaves a lasting impression. High school days are one time in life when the "little things" will be remembered as the good times. "Preserve your memories" with "the little things that touch us all."

For the good times.

Activities

Assemblies in General

Debbie and David meet other AFS students.

Debbie informs students of her trip abroad.

Cheerleaders promote spirit at Mac.

Assemblies are held for the students. Shortly after the 1970-1971 school term began, an AFS exchange assembly was held for MacArthur's student body. Participants included Debbie Miller, our own AFS returnee from Ecuador; Remsie Calangi, AFS student from the Philippines; Elysabeth Lagarde, ICYE student from Paris; Karl-Heinz Leppelman, ICYE student from Dusseldorf, Germany; and Maria Müller, ICYE student from Berlin, Germany. Two other AFS returnees from Lakeview and Eisenhower also attended the event.

As the assembly began, a brief history of how the American Field Service program originated was given. Each returnee who spoke stressed how important and educational their experiences abroad had been.

Pep assemblies are held for the purpose of stimulating student interest in MacArthur athletics. These assemblies are held at the beginning of the different seasons and before important games or meets.

Where's the spirit, you guys?

What have we here, ha-ha hee-hee ho-ho?

Let's have one big fight.

Hup 2,3,4; hup 2,3,4...

And it's one, two, three, what are we fighting for?

The 1970 Homecoming theme, "MacArthur Park", was chosen for its uniqueness. Homecoming Week encompassed several contests such as Romeo and Juliet Day, Guess-the-combined-weight-of-the-cheerleaders, Football Players Pretty Legs Contest, and a poster contest between the classes.

The 1970 Generals' Sweetheart, Miss Sue Thompson, was crowned at the annual assembly on Friday, October 23. Her court included Miss Benita Whitsett as Crown Bearer, Miss Julie Hicklin as Junior Attendant, Miss Julie West as Sophomore Attendant, and Miss Monica Meis as Freshman Attendant.

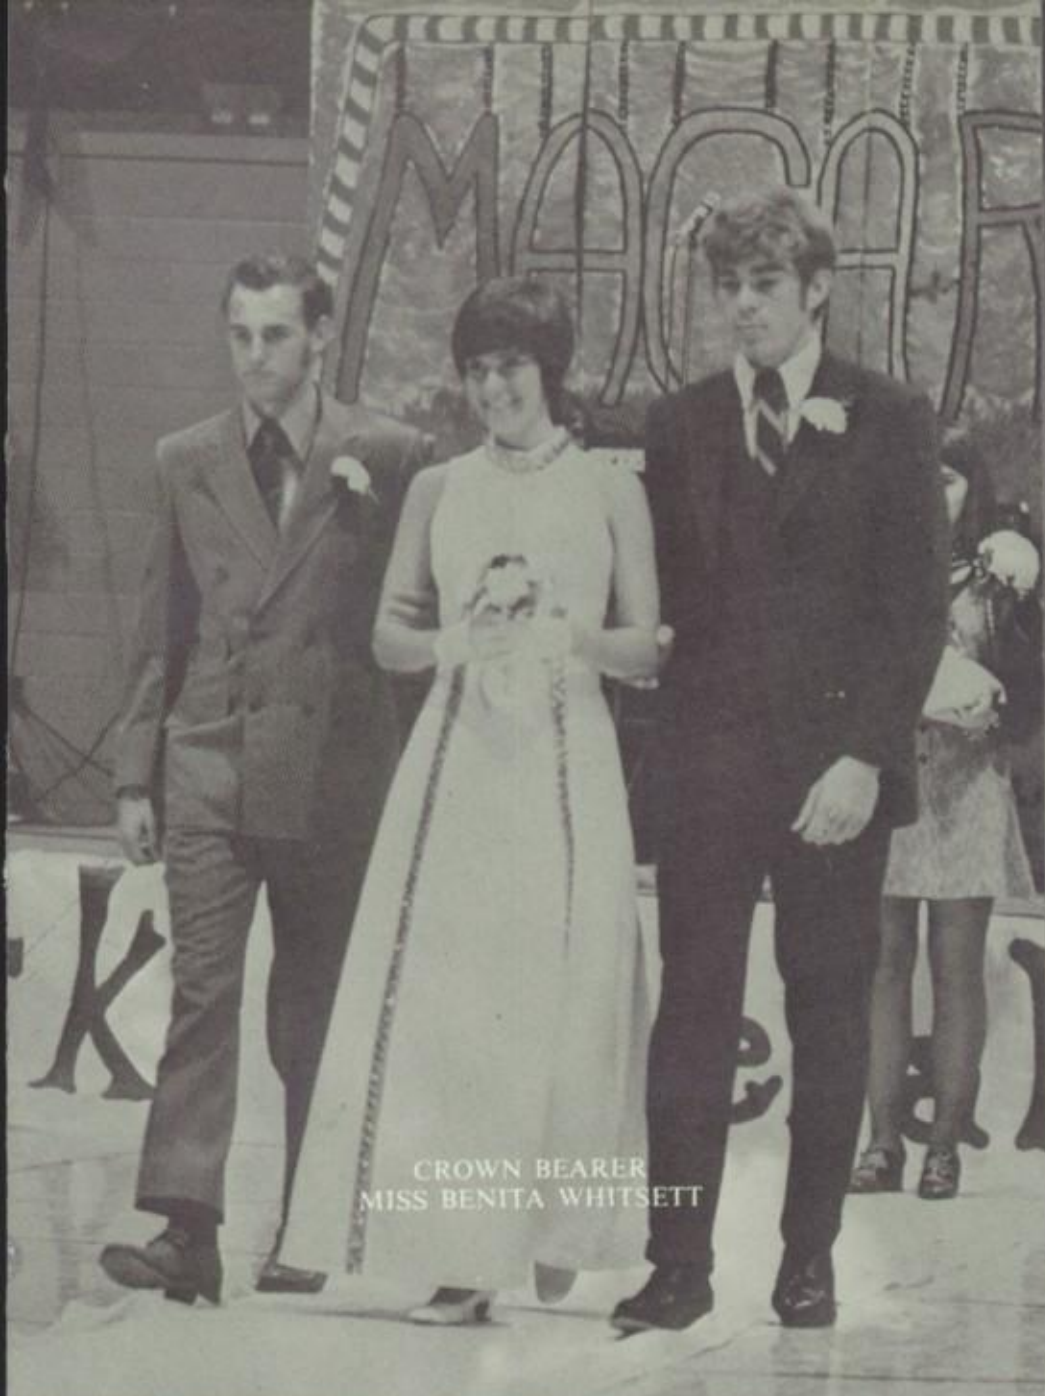

Preceding the game that evening, a parade began at the school parking lot and terminated at Pigott Field where Mac stomped Springfield Southeast 21 to 0! The senior entry, a purple Spartan eater, won first place. The queen and her court were presented at halftime.

The dance was held Saturday, October 24, in the MacArthur gym. Music was provided by Buster Brown. Thanks go to Student Council Vice President Bill Hahnstadt and his committees for an ingenious Homecoming.

Gail, Joy, Luana, and Marti cheered the students to victory.

Teachers looked beat and were beat.

In the Student-Faculty basketball game, a Student Council project, the students valiantly defeated the faculty 46 to 40. Although Coach Ryan's faculty team gained an early lead, John Doxie's student team, by using a good defense and some terrific shots, soon overcame the faculty.

The faculty did not seem to know how to play basketball. It

was rather amusing to see Coach Matheson pass the ball like a football, and Mr. Adamson use students as if they were home plate.

Team two won the tug-of-war contest for the girls. Congratulations to the winners and to the student cheerleaders for their effort and support.

WARM WEDNESDAY, written by Vina Delmar, is a moving story of the disappearance of Sherry Roncier, known to us as Wanda Allen, the day before her wedding to a rich, handsome bachelor. The narrators, Joe Greene and Sara Davis, took the viewer back many years for better understanding of the present situation.

The staging of WARM WEDNESDAY is unique as no scenery is evident, only costume changes, lighting, and props are used. Pantomime also helps on the development of the play. Rebecca Tuttle composed music specifically for WARM WEDNESDAY. Appreciation goes to Miss Nancy Doddek and the cast for an entertaining performance.

Mock Wedding Reception Held at Mac

Tom and Robyn take the cake!!!

This is no laughing matter!

The Home Economics Department held a mock wedding reception at the end of November. This is the second year in a row that the Family Living class has held a mock wedding reception at Mac. The main purpose of the mock wedding reception was to illustrate how an actual wedding reception takes place, the preparations beforehand, and the planning for a certain number of people.

Those elected to be the bride and groom from the first hour were Robyn Leake and Tom Fisher. Rochelle Bosley and Jim Fisher were the bride and groom from fifth hour. Other students and parents made up the rest of the wedding party. The rest of the classes were involved by making other necessary preparations for the wedding such as the guest list, the cake, decorations, table setting, and other important details.

Teachers, counselors, parents, foreign exchange students, and student teachers attended the reception. Cake and punch were served to approximately 50 people at the reception.

What movie was this in, Tom?

There's nothin' like having your cake and eating it too!

Tom Fisher and Robyn Leake seem to be enjoying themselves.

Mac students "dance to the music."

Who is Margaret Hays pointing to?

Intra-City Student Council Dance

In the early fall of 1971, the Intra-city Student Council held a back-to-school dance for high school students. Anyone from the five high schools could go to the dance, which was held in the Municipal Parking Lot. The dance was well attended by Mac students.

REMSIE CALANGI

Mac's only A.F.S. student this year is Remsie Calangi from Cagayan di Oro City in the Philippines. While in the U.S., Remsie is staying with the John Harvey family. Her sisters are Shauna, a senior, and Luana, a sophomore.

Besides A.F.S. Club, Remsie participates in many activities at Mac, and her favorite is journalism. She also likes volleyball and bowling. So far, she is quite pleased with her life here.

ELYSABETH LAGARDE

One of three ICYE students this year is Elysabeth Lagarde. Coming to Mac from Paris, France, Elysabeth is staying with the Cecil Snow family. Her sister Nancy is a senior, while brother Rick is a freshman.

KARL-HEINZ LEPELMAN

Karl-Heniz Leppelman, from Dusseldorf, Germany is another ICYE student. His hosts during his stay are the Donald Baird family. He has one brother, James, a junior at Mac.

Karl enjoys the violin, fishing, swimming, and reading, as well as the A.F.S. Club. He also sings in the Millikin Choir. Upon returning to Germany, he plans to complete his remaining year at high school, and then go into the medical field.

MARIA MÜLLER

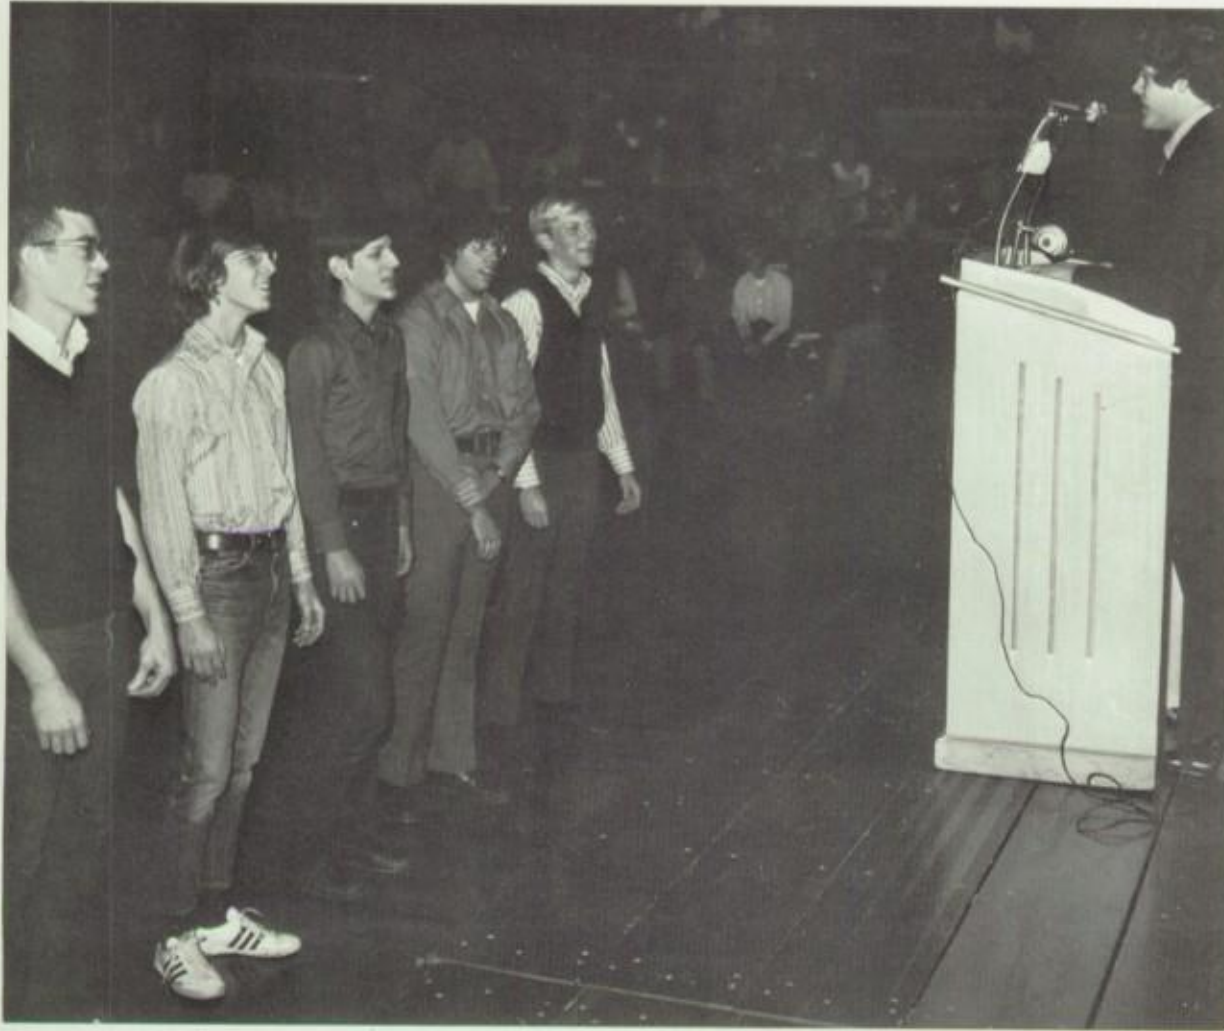

The other ICYE student is Maria Müller from Berlin, Germany. During her stay she is living with the William Flora family. Her sister, Julie is a senior at Mac.

Besides A.F.S. Club, Maria enjoys drama, most sports, languages, and flute, which she plays in the Millikin Symphony Orchestra. Maria enjoys talking to Americans, as she hopes to form a correct opinion of our country.

Student Council elections were held Tuesday, February 9, 1971, after an assembly first hour where the candidates gave their speeches. A new office of intra-city student council representative, was added this year. The officers for 1971-1972 are as follows; Paul Tosetti, President, Bo Bo Turner, Vice President, Dave Galassi, Secretary, Larry Drenan, Treasurer, and Luana Harvey, Intra-city Representative.

Bill and Greg are sworn in.

Paul Tosetti asks for students' support.

Instrumental Groups

MacArthur's bands are all directed by Mr. Kruzan. The Silver, Blue, and Concert Bands alternately played at the basketball games. They played between the Sophomore and Varsity games and at half times. The Concert Band marched and played during the half time at the football games.

The bands all participated in many programs throughout the year, including the Musical Montage held in February, the spring concert, and the graduation ceremonies.

This year several MacArthur Band students participated in the All-State Contest. They were Eric Kruzan, and Mary Fouste. Kevin Horan and Cindy Kyle represented the Orchestra in this contest.

The MacArthur Orchestra is under the direction of Mr. Werner. The Orchestra also participated in many programs and concerts, including the Christmas Program and Spring Concert. The orchestra also visited many Decatur grade schools and Junior High Schools. The orchestra takes a trip to Chicago annually to hear the Chicago Symphony Orchestra.

MacArthur's Instrumental Groups are very active in promoting good will and school spirit.

MacArthur High School has five choral groups. They are The Choralettes, Choraliers, Belleaires, Girl's Choir, and Mixed Choir.

The Choralettes and Choraliers are the top groups. The Belleaires ring handbells and sing a variety of songs. The girls in this group are sophomores.

The Girl's Choir is composed of girls from each class and Mixed Chorus has both freshmen boys and girls.

These groups sing at the various grade schools, junior highs,

civic organizations, Church groups, and The Rotary Club.

The whole department participates in the following programs: fall concert, spring presentation, spring festival, and the Christmas Program.

This year the Christmas Program featured a dedication of The Alan Ashenfelter Memorial Bells.

The choir groups are responsible for bettering the relationship between the school and the community.

CWT

The Cooperative Work Training Program is for on-the-job students working at businesses such as quick-service restaurants and gas stations. Some students are also salesmen or secretaries.

These students come to MacArthur for one hour of class a day. They work between fifteen and thirty hours a week.

There are three different groups of CWT students. Two of these groups are advised by Mr. Maurice. The third group is advised by Mr. Ragsdale.

The Breakfast Club meets at 7:10 in the morning, while the Establishment Club meets at the noon hour.

DE

Distributive Education is an organized cooperative training program concerned mainly with merchandising.

The students involved in this program come to school for one hour a day. Then they work in a retailing business such as a department store.

In their courses these students learn: basic business skills, related knowledge, and important business attitudes.

OO

Office Occupations was organized for students who are participating in an on-the-job training program for office workers.

Some of these students work part-time at banks, newspaper offices, and various industries.

High-lights of the group's activities are: Area Conferences, State Conferences, Thanksgiving and Christmas Projects, and the Employer-Appreciation Banquet.

These students come to MacArthur for fourth, fifth, and sixth hours. The advisor for this group is Mrs. Fleming.

Remember all those girls that run in and out of class all day long, bringing all different colors of paper with them. Pink slips, white slips, blue slips, yellow slips, you remember. Those girls are Office Helpers: their main job is to carry messages to students and to pick-up the attendance slips. When they are not running around with the slips, they are working in the office, filing or taking messages.

Another group of girls who work in an office is the Nurse's Helpers. These girls record your name and the time and see to your comfort.

Both of these groups of girls give up their study halls to work in their respective offices.

Flag Squad

This group of MacArthur students deserves more credit than they have been given previously.

The Library Assistants volunteer to give up at least two study periods a week to work in the library. They must maintain a C or above grade average for the year. Among their duties are shelving, carding, and stamping the library books.

The Flag Squad, of course, raises the flag each appropriate morning and lowers it in the afternoon.

They must be aware of existing weather conditions especially if conditions necessitate the lowering of the flag.

Each member of the Flag Squad must know and obey the rules concerning the flag.

From now on let's give these people the credit they deserve.

This year a group of girls convened and decided MacArthur High School needed to show more spirit at their games. These girls decided a Pep Club might be an answer. It is. These girls are now the officers of Pep Club.

Anyone is eligible to join. To be in good standing with the Club, one needs only to attend all the games and show lots and lots of spirit. Everyone in Pep Club does have spirit.

Among other things, Pep Club made a banner for the MacArthur Marching Band to carry on the field and Pep Club rode in cars in the Homecoming Parade.

Pep Club also has bakesales. They make posters with the money they earn.

The Pep Club advisor is Mr. Ford.

Spirited Pep Club members hold banner high.

This year Drama Club celebrated its second anniversary. Drama Club was organized in the fall of 1968 under the direction of Miss Doddek.

This year's officers were elected as follows: President: Sam Limerick; Vice President, Joe Greene; Secretary, Donna Berneking; Treasurer, Craig Barnard.

Drama Club decided to reactivate their Thespian Troupe. When MacArthur High School was built, a charter was granted and MacArthur had an organized Thespian Troupe. Apparently the interest dwindled until this year's club decided to again sponsor a troupe. In order to become a member of the Thespian Troupe one must be a second semester sopho-

more, must have worked in two school productions and must have accumulated at least ten points from working in these productions.

Drama Club sponsors money-making projects such as bake-sales and one-act plays.

This year Drama Club sponsored an all-school play, "Warm Wednesday." This play was a financial success as well as an aesthetic success.

In addition to the aforementioned activities and presentations, this club actively supports area theatre productions to gain better understanding and appreciation of the theatre arts.

ECC

The Environmental Crisis Committee is an organization of people interested in educating and instigating others to do something about the environmental problems. Many students *feel* that something should be done about such problems, but these students are *doing* something about them. The officers for the 1970-71 year were: President, Ed Gogek; Vice-President, Chuck Sweet; and Secretary-Treasurer, Julie Meyerson.

Human Relations

The MacArthur Human Relations Committee was organized in an effort to find different avenues for the improvement of communication between students and between students and teachers. Each member of the committee has a chance to attend the Decatur Human Relations Commission meetings. At these meetings the students learn of the Commission's accomplishments in the area of human relations.

Projectors

The students in this organization assist the faculty in operating and caring for the AVA equipment: movie projectors, tape recorders, microphones, and other audio-visual aids. These students often sacrifice their free time and study periods to assist teachers in running the AVA equipment and to help their advisor, Mr. Smith, in the distribution and upkeep of the equipment.

American Field Service began in 1914 as a volunteer ambulance corps with the Allied Forces in both World War I and World War II.

In 1947, the former AFS volunteers started the Winter Program in which students from abroad came to the United States to live for a year and go to school.

The Winter Program students started the Americans Abroad Program in 1950. This program offered the opportunity for Americans to go abroad for summer. The Ambassadors Abroad Winter Program began in 1957.

Through its programs, AFS hopes to provide a close personal association for students, host families, and all people in general. AFS members believe that close personal association between individuals of different cultures fosters and strengthens the basis for peace among countries.

The main purpose of AFS Club is to provide part of the money needed to send a student abroad and to bring a student from a foreign country. The MacArthur AFS Club is the most active AFS Club in Decatur. It is also one of the largest, oldest, and most active clubs at MacArthur. Mrs. Vera Fleming

has been the Club's advisor since 1964.

The MacArthur AFS Club has bakesales, sells Christmas cards and MacArthur window decals, and sponsors an annual carnival. Several parties are planned during the year. AFS Club also donates food and presents to less-fortunate families at Christmas and Thanksgiving.

AFS Club sponsors several assemblies for the student body, at which our foreign exchange students and exchange students from other schools speak.

AFS Club also has some ICYE (International Christian Youth Exchange) students, who are honorary members. This association is sponsored by local churches.

This year's club officers are; David Coy, President; Becky Canida, Vice-President; Diane Schuman, Treasurer; Gail Travis, Secretary.

The MacArthur AFS semi-finalists for this year are Becky Canida and Carol Massey.

Our exchange students are Elysabeth Lagarde, Remsie Calangi, Maria Mueller, and Karl-Hienz Leppelman. Our returnee is Debbie Miller.

The National Honor Society is an honorary organization with chapters across the USA. Mr. Stewart, as advisor for the organization, provides direction for the members who serve as guides during freshman orientation and PTA visitation night.

National Honor Society members tutor students who need and want help in their studies.

Each year National Honor Society members plan several parties and have a picnic each fall.

Ending the National Honor Society year is the induction of new members. To obtain membership, a student must have a 4.5 grade average for the junior year or a 4.3 grade average for the senior year.

A special acknowledgement and extended praise is hereby given to these students who exemplify service, character, citizenship, leadership and scholarship.

This year's Student Council Officers are: President, Bill Rotz (not pictured); Vice-President, Bill Hahnstadt; Secretary, Tresne Daniels; Treasurer, Libby Smith, (not pictured).

The purpose of the Student Council is to form an effective representative organization that can adequately convey the student body's needs and desires into action.

Bill Rotz, President, is not only active in the school organization, but is also President of the Intra-City Student Council. Bill Hahnstadt is Vice-President of the Intra-City Student Council. The Intra-City council's primary achievement was the revision of the dress code.

MacArthur High School student council presides over homecoming activities, conducts several dances, and presents one assembly per month for the entertainment of the student body.

Several committees were organized at the beginning of the year to perform the duties of student council. These committees hold meetings to solve individual problems, while all members convene once every two weeks.

Executive council, composed of class council presidents and vice-presidents and the student council officers, meets to correlate the activities and thoughts of both councils.

CROSS COUNTRY AWARDS:

Jim Baum, winning two dual meets, was the most valuable runner for 1970.

Bob Cahill was given the most cooperative and hard working award in cross country.

Tony Tolbert, moving from No. 7 position to No. 2, was named the most improved runner.

Pete Glover and Gary Moore, along with Jim Baum, were the senior cross country letter winners.

Two juniors, John Raber and Bob Cahill, along with sophomores Tony Tolbert, Carl Petrowsky, Tony Riley, Kim Henneberry and freshman Chester Hunter also lettered for 1970.

MacArthur's Cross Country Team kept a steadfast pace again this year.

At the City Jamboree, held at Lee Pigott Field, MacArthur came in a close second.

Winning four of six cross country meets shows that our team, as in previous years, has done an exceptionally fine job. Congratulations!

The Varsity Team ended their 1971 season with a 6—18 record. The beginning of the season started well with the Generals coming in second in the Thanksgiving Turkey Tourney. However, illness and injury among the players severely crippled the Generals during the latter part of the season. Even with this handicap the Generals tried very hard and managed to bring many exciting games to the MacArthur fans.

The Sophomore Basketball Team ended the '71 season with a record of 10 wins and 11 losses. During the Rantoul game, the Sophomores finished out part of the last quarter when the varsity team was hopelessly behind, and thus, turned a fiasco into valuable learning experience. Although the overall showing is not exceptional, some of the Sophomore players have the potential to make the varsity team successful next year.

The Freshman Basketball Team finished their 1971 season with a hard-fought 8—8 record. Even though the record is not impressive, the team gained valuable experience and ended the season with a respectable showing.

The people in the office that set the rules and relate to the students are the administration. These people take care of the discipline problems and help keep the school running smoothly. Mr. Musick, our principal, is the head of MacArthur. He also does odd jobs like leading the school in cheers at Pep Assemblies. Mr. Tinch, Mr. Foster, and Mrs. Acks are the ones that greet you each morning with a smile before beginning their daily tasks. The School Board is the one who approved the "new" Dress Code that was put into effect this year.

Preparations for the Future in Learning Homemaking Skills

Mrs. Margaret Kinsey
Home Economics

Mrs. Marie Corey
Home Economics

Home Economics is designed for the future homemaker. The courses give the high school girl a look to the future in planning her home.

Clothing teaches how to buy material and use it wisely in making garments.

Foods give knowledge of nutritious meals and meal planning. How to plan a dinner, give a party, and act in the manner of a hostess are also taught.

Family Living explores all aspects of raising a family, decorating a house, and living in a unit as a family.

For the second consecutive year the Home Ec Department has held a "Mock Wedding Reception." This gives the girls the opportunity to budget and plan for a wedding reception, as well as learn the steps for the procedure of greeting a reception line.

The Home Ec Department offers courses that could begin any girl in house keeping.

Assisting in selecting class courses and aiding in social problems is only a small part of the Guidance Department's services.

This department is responsible for the colored slips which are sent to students requesting them to come at once—if the matter is serious—or to report after school—which may not be of such serious nature.

The Guidance Department works cooperatively with students, faculty, departmental coordinators, and parents. They work in a variety of ways to assist students in all manner of adjustment, emotion, social, vocational, and emotional problems.

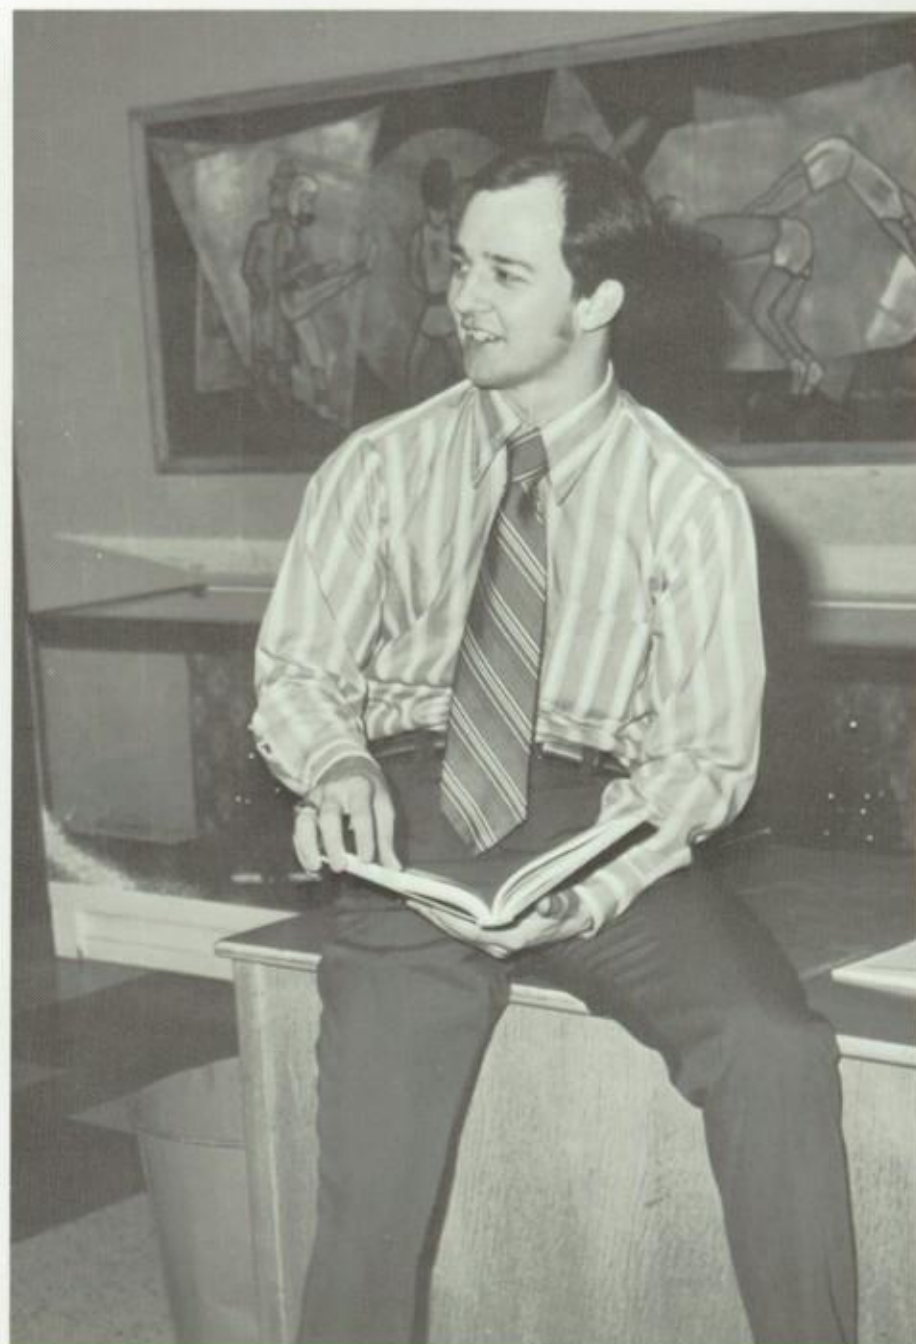

Information concerning vocational careers and colleges help students to plan for the future. The guidance councilors interpret the information, but do not try and dictate the decision of the individual.

This department also offers courses such as exploratory teaching, and vocational training that enable students to explore certain professions.

Mrs. Sue Curlin
Business Education

Music is not only heard in the band and choral rooms, but also in the Business Education rooms. Typing students develop their speed and accuracy by typing to music.

The Business Department offers a variety of courses designed with all students in mind. Courses such as typing, bookkeeping, and shorthand can be a passport for a college study guide, or a wage earner. Basic skills in typing and keeping records can be valuable knowledge for the future as well as for the present. Many times a theme or term paper must be typed and doing the job oneself is much easier than having a friend do it. The skills in business range from note taking to data processing (computers). A business career may be desired after enrolling in these courses.

The world of business will face each of us quite often during our lives and with this basic knowledge of how a business operates, the information can be very valuable.

But on my page are the scrawled messages of generations past—one says, and I have no reason to doubt it, "John C. Schmoe used this . . . book?" In between the mold and peanut butter, the graffiti and coffee, are barely discernible words: rules of English grammar. My question, I hastily scratch among the remnants of a gluttonous and obscene previous race, is simple: why?

Clouds part and a precise houndlike yowl pierces the room with "Why? Why not? It's a matter of degree—and you're clever."

With words as the means and communication of thought the end, I ponder clever, degree, and English.

Students Widen Their Appreciation of

Art: Application, Initiative, and Interest

Mr. Stephen Spangler
Art

Art students began the year with a new challenge and a new teacher. Mr. Spangler offered many new ideas and approaches. Offering the suggestion to visit Millikin University's art exhibits, Mr. Spangler opened Mac students' perspective, and gave them a broader view of art in today's society.

Art at Mac is offered to all students on an elective basis. Art Activities is the basic art course for beginning art students. It is designed to explore the basic elements and principles of art through a variety of media. In addition, seven advanced art courses are available to those students interested in the continued in-depth study of art. Advanced studies include Drawing and Painting 1 and 2, Drawing and Painting 3 and 4, Drawing and Painting 5 and 6, Applied Design 1 and 2, Applied Design 3 and 4, Three Dimensional Design 1 and 2, and Three Dimensional Design 3 and 4.

The art program recognizes the high school student as capable of high quality achievement. He must be challenged to see, to investigate, to organize, to analyze, and to evaluate. He must also have an opportunity to develop the skills necessary to creatively communicate ideas and feelings, unique and personal.

Music is a form of expression, that enables the student to express himself through rhythm and harmony.

Band, orchestra, and choral are the departments which music students may enroll. All three of these departments present programs each year for the enjoyment of parents and students.

The orchestra has an annual concert, as does the band. This year the band was fortunate to have Urbie Green (a famous trumpet player) participate in the concert. Musical Montage has become a traditional presentation for Mac-Arthur. The band and talent show has proven to be a popular function of the Music Department.

The Choral Department presents Fall and Christmas concerts with a Spring program varying from a talent show to a musical play. Choral groups entertain business dinners and grade school children throughout the year.

Talent and enthusiasm has been shown to Mac by the music students performing at assemblies and concerts.

If a Mac student should walk by the language lab on the second floor and hear repetitious voices speaking "parlez vous français?," one can be sure that the language students are attempting to master their language.

Languages offered at MacArthur are: 1) Spanish; 2) Latin; 3) French; 4) German. The Language Department has at least two purposes: 1) to give college bound students an opportunity to earn the credits needed to be accepted by a university and 2) it gives those who are curious about people an opportunity to study their languages, cultures, and traditions.

Industrial Arts Courses Emphasize Men Rather than Machines

Mr. Earl Hobbs

Mr. Reed
Head of Department

The Industrial Arts Department gives the student a chance to explore the worlds of wood, machines, cars, and printing.

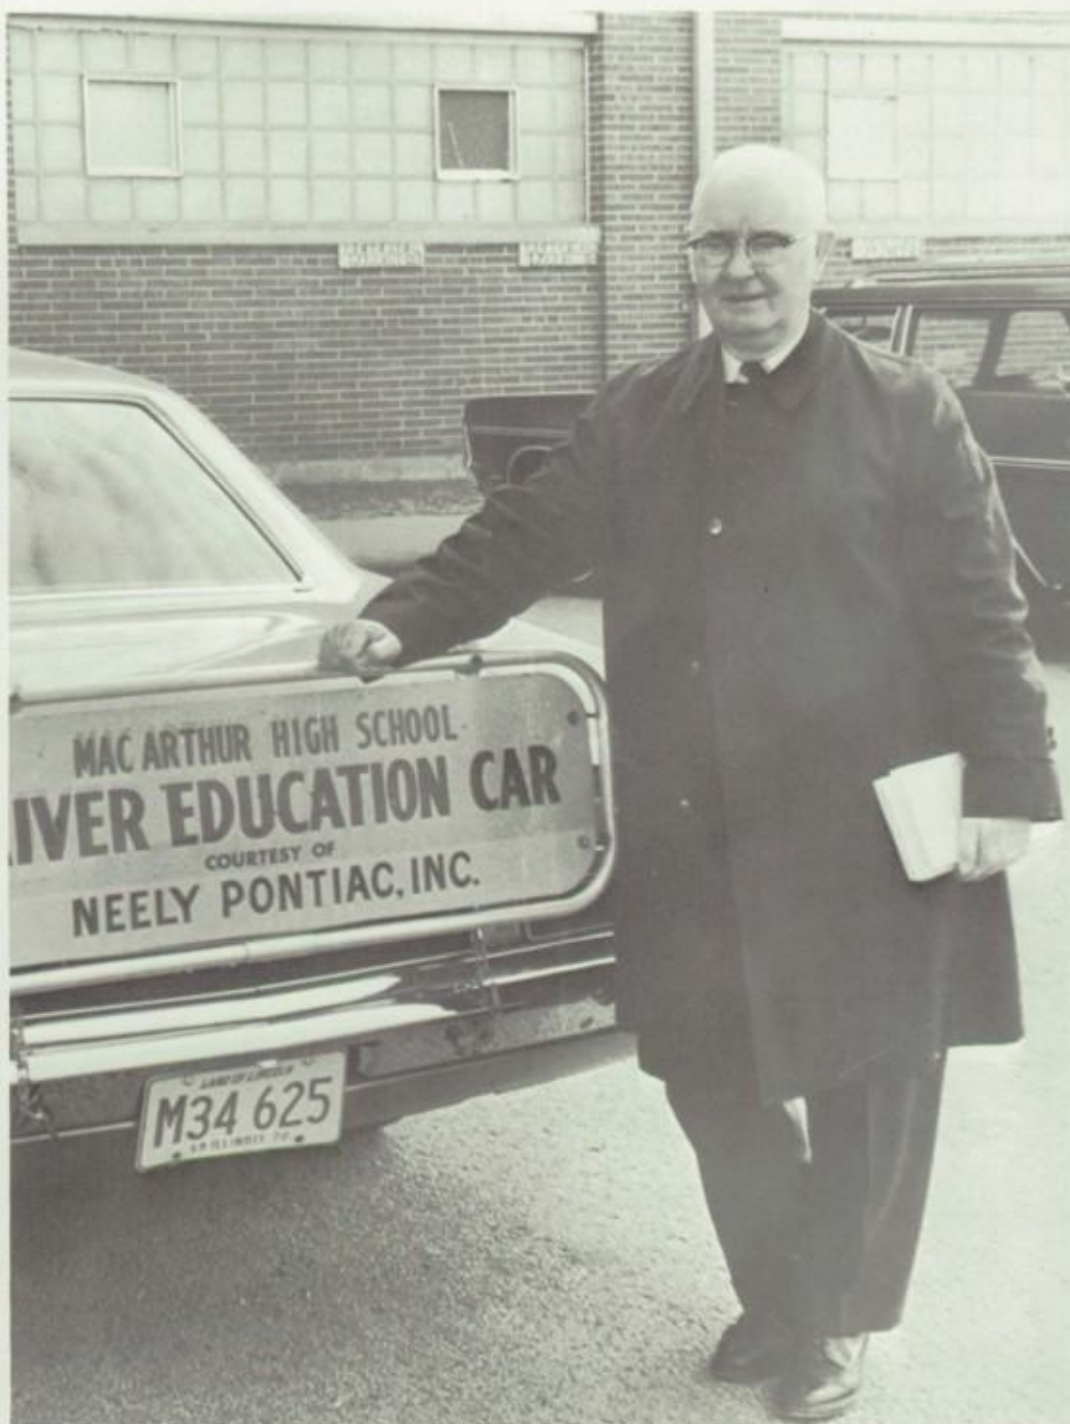

The courses offered enable the student to pick a vocational training program, through the flexible scheduling, which includes working at the center downtown for one-half day and attending classes the other half, to fit his future job aspirations.

Industrial Arts is a fascinating subject which challenges the body and the mind: the complete individual; thus preparing man for living successfully in the 20th century.

Upon reaching the age of sixteen, the typical student rushes to the Drivers Examination Station for that "Ticket to drive"—the driver's license.

After six weeks of studying "Rules of the Road", memorizing signs and working on a notebook, the student is ready to sit behind the wheel of a car with a driving instructor.

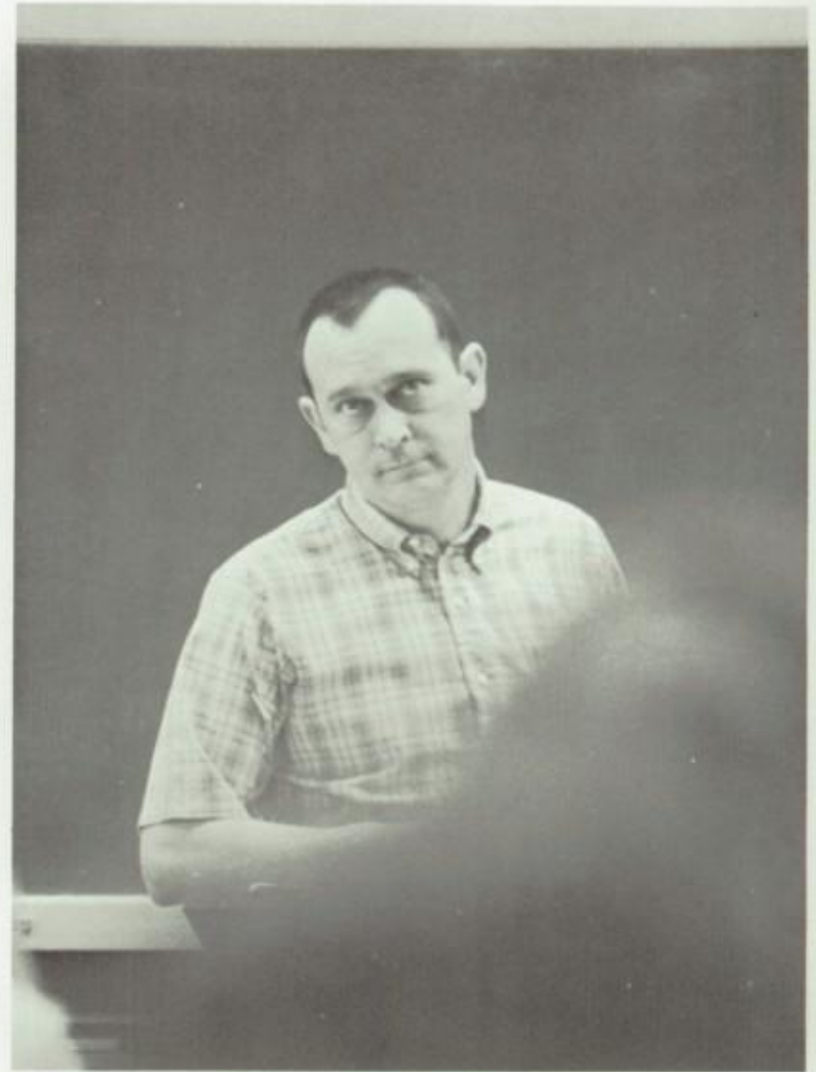

The classroom part of the course is taken during the sophomore year in place of health. The "Behind the Wheel" course follows in the same year or during the summer.

The main purposes of this course are to give a general knowledge of driving, the make-up of a car, and precautions which will prevent accidents: very advantageous principles to have in our mechanized age.

Formulas, crayfish, test tubes, and an understanding of nature probe the mind of the science student.

In order to graduate, one lab science is required and if one is enrolled in a college preparatory course, two years of lab science is required by most colleges and universities.

Physical Science, Earth and Air Science, Biology, Zoology, Physiology, Chemistry, and Physics are offered to students pursuing a career in science, or one of its related fields. However, some students elect science to round out their general education.

The Science Department attempts to provide both a thorough background in scientific methods and principles, and an appreciation and understanding of the effects science has on technology and technology in turn has upon our way of life.

As our demands for products and services becomes greater, it becomes more important for each one of us to understand the effects upon our lives and environment. The goal of the Science Department is to convey these needs and demands to Mac Students.

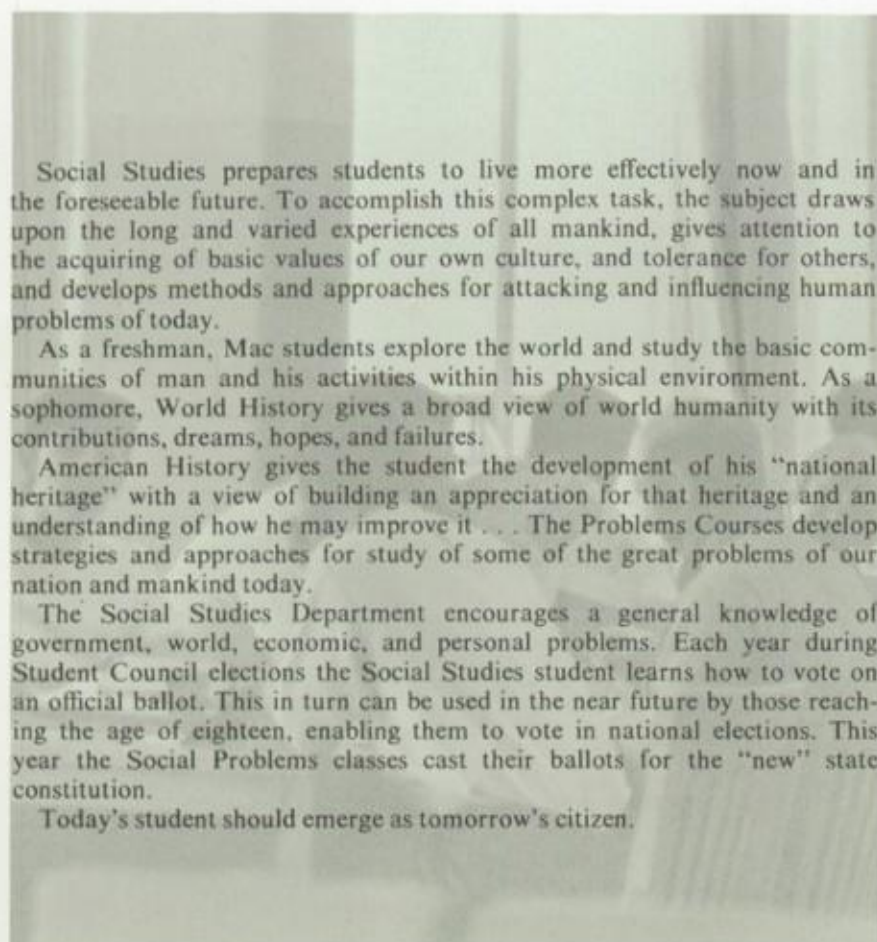

Social Studies Is Knowledge of the Future

Mr. Dennis Downey
American History, World History

Mr. Robert Mitsdarffer
Geography

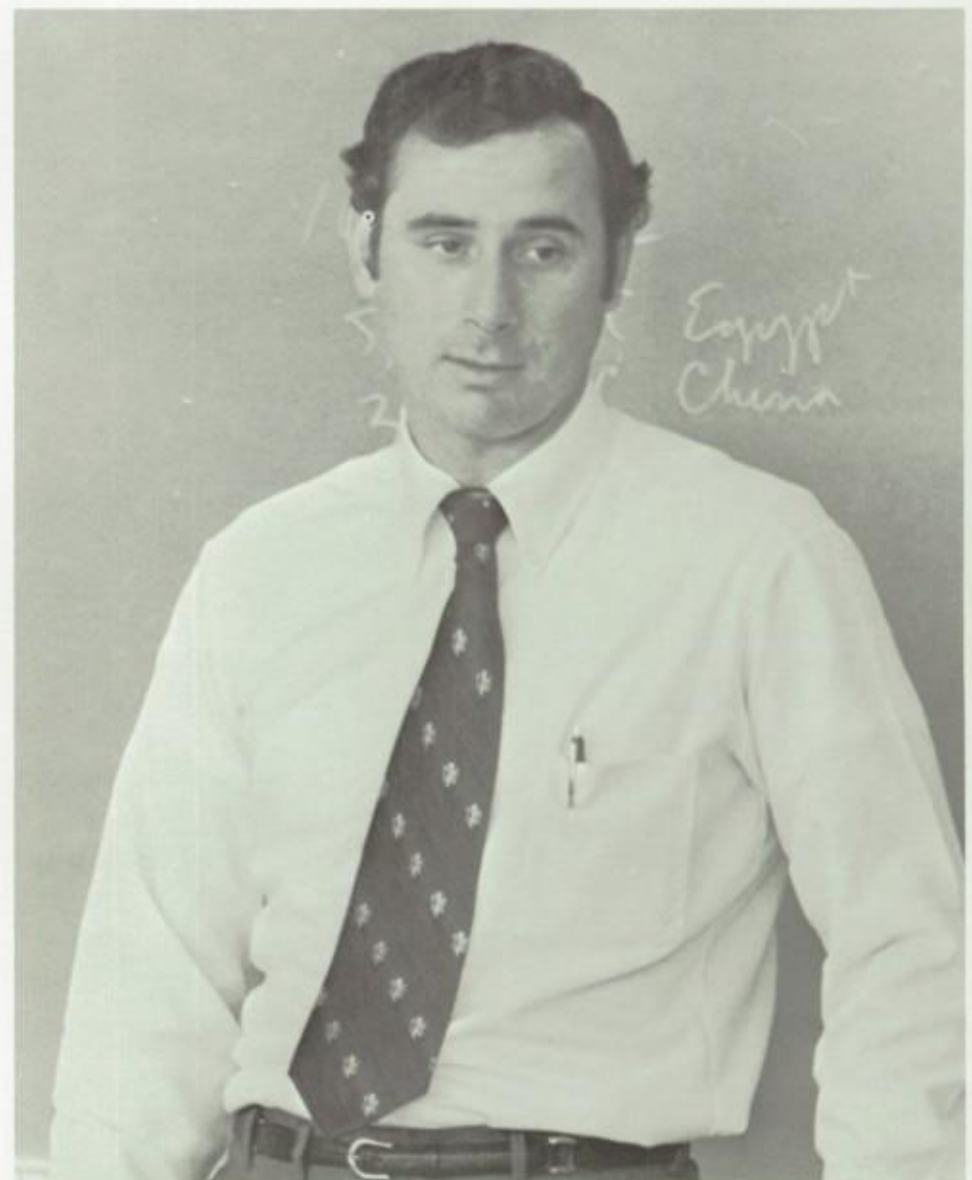

Social Studies prepares students to live more effectively now and in the foreseeable future. To accomplish this complex task, the subject draws upon the long and varied experiences of all mankind, gives attention to the acquiring of basic values of our own culture, and tolerance for others, and develops methods and approaches for attacking and influencing human problems of today.

As a freshman, Mac students explore the world and study the basic communities of man and his activities within his physical environment. As a sophomore, World History gives a broad view of world humanity with its contributions, dreams, hopes, and failures.

American History gives the student the development of his "national heritage" with a view of building an appreciation for that heritage and an understanding of how he may improve it . . . The Problems Courses develop strategies and approaches for study of some of the great problems of our nation and mankind today.

The Social Studies Department encourages a general knowledge of government, world, economic, and personal problems. Each year during Student Council elections the Social Studies student learns how to vote on an official ballot. This in turn can be used in the near future by those reaching the age of eighteen, enabling them to vote in national elections. This year the Social Problems classes cast their ballots for the "new" state constitution.

Today's student should emerge as tomorrow's citizen.

Health Lays the Foundation for Strong Bodies

Coach Ray DeMoulin
Physical Education, Head Basketball Coach, Head Baseball Coach

Coach Bob Matheson
Physical Education, Head Football Coach, Golf

Physical Education is a course designed to develop body coordination and teach basic skills to express one's self.

During four years Mac students participate in all sorts of activities and sports. The courses range from golf to tumbling.

Boys begin the year exploring football techniques and progress through the year with wrestling, tumbling, basketball and softball. Girls develop skills in field sports, basketball, modern dance, golf, archery, and gymnastics. All students take part in such sports as volleyball and handball.

Approximately 5% of the boys enrolled in Physical Education classes pursue their interests further by "going out" for sports such as football, wrestling, basketball, track, golf, tennis, or baseball. Of the 5% "out" for sports over half of these boys participate in more than one sport.

Also included in the Physical Education Department are health courses. All students learn about taking care of the human body, first aid, and sex education. The duration of the health portion is six weeks.

No doubt about it—the west end of the building is where all the frustrations of the day are let out. There students can express themselves and have fun doing so.

The Special Education Department consists of seven teachers and provides services for approximately 100 mentally retarded and physically handicapped students.

There is a self contained room for the junior high physically handicapped which also serves as a resource room for the high school physically handicapped students.

Many students are integrated into regular classes and others receive instruction in special classes, tutoring in specific areas, etc.

A large part of the program consists of counseling and work training programs and classes. Pre-vocational work programs are offered to students in all special education programs. This is done cooperatively with the Division of Vocational Rehabilitation and the Special Education Program.

Spirit has once more made it at MacArthur this year, and was a favorite among the freshmen. Small sparks were added to the flame with great shows put on by an undefeated frosh football team, quick minds, growing confidence, and unpredictable behaviors. All around activity in games, committees, and sports sums up that freshman were once more getting it together for three more memorable years at MacArthur.

Following the tradition of "Super Sophs", the Class of "73" carried the motto through. With their classmates teaming together to gain class unity, the Sophomore Class held a successful Bake Sale at the beginning of the year to get a "super start" on upper class activities that will be approaching in their next two years. Their homecoming car showed togetherness and originality by displaying a dragon. This was the first year that MacArthur was entered in the Thanksgiving Turkey Tournament in which Soph Prudy Softly represented our school. The class of "73" will remain, and hopefully their spirit will too.

Class Council

ROW 1: Mike Burris, Jim Rottman, Steve Johnston, Laura Slaw,
ROW 2: Marti Bridges, Anne Shroeder, Vicki Dexter, Kathi Mc-
Cluggage, Mr. Spangler, junior class advisor. ROW 3: Paul Tosetti,

president; Gerald Battle, vice-pres; Peggy Bechtold, secretary;
Berta Barnes, treasurer; Robyn Leake.

"And its one-two-three" and one more year to go as the class of '72 moves on up! While moving, they have displayed the kind of spirit that is traditional at MacArthur-Super Spirit! In the sports department, Juniors supplied much of the power on the victorious varsity teams, contributing greatly to our spectacular stomping of Stephen Decatur High School. "Wintry Wonders," their fund-raising fashion show, was a mid-season impressive highlight and was a smashing success. With the money from this and their other projects through the year, Prom was a guaranteed success. No doubt about it, the class of '72 looks mighty fine.

Senior Year Has Many Memories

Class Council

FIRST ROW: Jim Fisher—President, Spence Gillespie—Vice President, Donna Berneking—Treasurer, Lea Lucas—Secretary, Don McMurray. SECOND ROW: Connie Miller, Margaret Hays,

Jon Hauseman, Denis Oglesby, Mary Fouste, Mr. Adamson. THIRD ROW: Libby Smith, Marsha Horne, Pam Moore, Judy Jones, Jane Trimby.

Although sometimes it seems as if it will never end, the Senior year draws to a close. After spending four of the best years of their lives together, the members of the class of '71 must now part and approach the rest of their lives. They can look back on high school as a mixture of sad and happy times, friendships, disappointments, wins and loses. No matter how many times the members of the class of '71 return to MacArthur, our school will never be the same to them. They must preserve their memories of high school, that's all that's left them now.

Mary,
 I'm really
 glad I met you.
 You're a really sweet
 guy - cute too! Wow -
 those blue eyes!!! Sorry
 about treating you that way
 at the Crosses. Hope I see you
 sometime this summer. Maybe we
 can get to know each other
 better.
 I'm
 Chelle

Mr. J. J. Maurer

Kevin Horan

Laura Butler

John Raber—Editor

A very special thanks to Mr. Maurer, Laura Butler, Kevin Horan, and John Raber for all the hours they spent in their dark rooms developing pictures for the staff.

Laura and Kevin were new photographers on the staff this year; however, the pictures they produced were of high quality and offered a new aspect on the school functions.

Without the patience and cooperation of the photographers it would have been impossible for MacArthur students to "preserve their memories."

"Our Hero"

Memories: they're a big part of life. This year we've tried our best to preserve some of the memories of the life at MacArthur.

Having begun as a green staff, we now, as veterans, have had our fill of: working through sleepless nights from 6:00 P.M. to 6:00 A.M. while constantly hearing "little waitress", "yipes stripe", and "duck"; doing forty-eight pages of layouts and then finding out the copy doesn't fit; stamping over 3,000 pictures with the Job Number 06548, page number, and I.D. number; staring blankly at copy sheets for hours unable to think of witty, pertinent phrases; and proof-reading to make sure there were exactly two picas between pictures and captions for mechanical and human mistakes.

So we, #06548, submit to the complaining majority an error free

*PRESERVE
YOUR
MEMORIES,
THEY'RE
ALL
THAT'S
LEFT
YOU.*

I wanted to write on
this page so I did, I
think you are nice and
we get into some classes
next year together. Good
luck with everything
as always

Gary,

Has it ever been a great year! I can't believe it's over already. Just think next year we'll just be a dumb sophomore. I'm really glad I met you because you're really an understanding person to talk to. I hope we remain good friends for a long time, (even if we do have our differences) Have fun in California and this summer. If you're not doing anything come over this summer. Stay as cute and cool as you really are. See ya this summer!

Love,

Valerie '74

Gary,

Well, the year's finally over. We really had a blast this year doing all those plays. Miss Heyman was really neat, too bad she couldn't be our teacher next year. I wish you good luck in the future, and don't forget dear Mr. Phipps.

good
to a good
friend and fellow
gym class student
good luck
Gina '74

Gary, It's been fun enduring Phipps this year. Good luck next year. Dave Colvin '74

Gary,
you're a really nice guy and I've enjoyed being in classes with you. Don't forget our play in Miss Heyman's class. I hope I'm in some of your classes next year. Good luck! Linda W. (Don't forget Mrs. Moore.)

Well, this year's
almost over and
we'll finally be rid of
the old nunchuck, right?
I've really liked having you in
my Spanish because you're at
least one freshman that doesn't
act like one. Try and stay out of
trouble, and be good next summer.
See ya next year as a Big Soph!

Sw
Beth

Gary of chap,
in my room. It's been nice having you
maybe you'll be in some classes
of mine next year, I hope!
your not moving to New York, I guess
that's good. Have fun in
California over the summer!
See ya in July!
your friend
John Piersi

mess it but I'll miss the fun

this year is finally over. I won't

Harry,
To a real nice guy. I've
really had alot of fun in
English class with ya. I don't
know what I would do without
all your little tips on tests + quizzes
in Algebra. You make a good Romeo!
Hope we get in a class together
next year. Hope ya alot
summe out.
Harry -
can you
believe our
freshman
year is already
over & we are
in 4th now.
He's a hopeless
case!! See you
this summer &
next year! Good
luck in everything!
Harry

Susan
ya lots,
